--	---

PERSON / VEHICLE

Driver / Arrestee Marcus Reed	Vehicle 2016 Toyota Camry, Gray	Texas Plate TXK-4821
---	---	--------------------------------

SUPPLEMENTAL NARRATIVE

On 01/14/2026, I, Officer Tessa Benton (#6118), responded as backup to Officer Daniel Alvarez in the 1900 block of E. Riverside Dr. I observed the gray Toyota Camry driven by Marcus Reed prior to the stop cross or weave over the right fog line while traveling eastbound. Based on my observations, the vehicle was being lawfully detained for a traffic violation when I arrived on scene.

After contact was made with Reed, I observed that Reed appeared extremely nervous and was not keeping his hands still. Due to the time of night, the driver's movements inside the passenger compartment, and the need to secure the scene while the investigation continued, Reed was removed from the vehicle and placed in handcuffs for officer safety. Reed was then kept near the rear passenger side of the vehicle while officers continued the stop.

I could smell a strong odor of marijuana coming from inside the vehicle area once the driver door area was open and Reed had exited. Based on the odor of marijuana, the circumstances of the detention, and officer-safety concerns related to possible weapons or contraband inside the passenger compartment, officers proceeded to search the vehicle. During the search, a black semi-automatic handgun was recovered from the glove compartment, and a clear plastic bag containing multiple blue tablets was recovered from a black backpack on the rear seat.

After the handgun and tablets were located, Reed was advised he was under arrest. The vehicle was later processed for impound, and the recovered items were submitted into evidence. This supplement is submitted to document my personal observations and assistance at the scene.

KEY OBSERVATIONS

Topic	Officer Benton Observation
Reason for stop	Vehicle weaved over right fog line before stop was initiated.
Driver handling	Driver removed and handcuffed before search for officer safety.
Search basis	Odor of marijuana and officer-safety concerns noted in supplement.
